“ Words cannot express the the loss I feel. What began as a business relationship quickly grew into a lifelong friendship. One not just of trust and respect, but laughter and love. Working with you on countless projects cannot compare to the friendship and time spent together. We were always there for one another no matter where and no matter when. Though the pain at times is unbearable, I take some comfort in the time we spent together before you went home to the Lord. You expressed something to me, and I you, that I will never forget. You are now with your wife and daughter, I know they day will come when we will all be together to laugh again. I will forever miss our conversations, and I am proud to have been able to call you my friend. I will "see you when I see you"

Love you Tommy!

“ There are so many memories of gatherings at uncle Tommy's. He told things the way they were. He was a good man. He was more than an uncle, he was a friend. One memory I have was being lucky enough to be with him up at the camp, he made zombie pizza.

There are some many memories and not enough words, except thank you, I love you and you will be missed.
