“ Abe was my neighbor, but more importantly he was my friend. I loved listening to his stories. He was always positive and had the biggest brightest smile! The world is darker and poorer with his passing. We will miss him.

“ Renee, Denise, and family,

Please accept our sympathy on your very sad loss of your father. Renee, since our days at St. Rose, when I met your mom and dad, I always found them to be so loving, welcoming, and such caring people. They welcomed me into their home on visits through the years. When we would left college in May after graduation, we thought maybe we would never see each other again. Your dad was so patient waiting for us to say our goodbyes, "crying a river of tears" as he said it. But luckily, 43 years later we are still friends. I know your mom are having a grand reunion, and I hope they say a hello to my mom and dad.

Please know Richard and I are keeping you in our thoughts.
