“ Bruce, You will be missed so much. I enjoyed our friendship and dancing with you in Palos Verdes in the 1980s and 1990s. I am so glad to read here that you found a calling as a Hospice Director. Much love and comfort to your family. Heather

ME

“ With your last breath you saved my soul. You smiled at me like Jesus to a Child.
For every single memory has become a part of me. You will always be my love
Who knew lyrics to one of our favorite songs would ring true, even decades later
Through our ups and downs and periods of time apart ,
reconnecting even though it was just through words our love will continue through and into our next lifetime like we talked about .

“ I JUST FOUND OUT BRUCE HAS GONE TO HEAVEN WHICH IS WHERE HE WILL REIGN AND BE OUR GUARDIAN ANGEL AS HE HAS ALWAYS BEEN HERE ON EARTH. I truly will miss you and heartbroken .

We met in 2006 at Starbucks in LA Verne and you were one of my favorite customers. As time moved we always kept in touch here and there. And then we were destined to reconnect in 2014 on a mournful but joyful journey with my dad's last months here on earth. You guided my family through the hospice arrangements and stuck by my side and my son's throughout until my dad passed on in 2015.

I wish we could have had more time but life takes us in there directions.

I will always remember our times we did have and thank you for all you did for us. My heart and prayers go out to your family and especially Your handsome/BASEBALL player son and beautiful wife.

Love for you always in your heavenly state. Patti

“ I met Bruce as a freshman at Proctor High.
I was trying out for the football team and that's when I met Brice.
Our coaches were not happy with our performance and all of a sudden Bruce jumped in and said (i can do it coach i can do it!)
He was a leader then and till the end!
Played many a game of ping pong with him at MVCC.
Visited him in Saratoga when he was dancing with the NYC Ballet.
He always had things figured out!
Always ahead of his time!

“ Len and Family,

I was so sorry to hear of your loss. Bruce was a respected and fierce competitor and when needed, a helping hand. We competed in High School in track and cross country...Proctor & Notre Dame, a rivalry of the ages. At the 1973 State XC meet we ran as COL teammates. Spikes were somewhat useless in 3" of snow and as usual Bruce and I were running together. I lost my footing and was going down but Bruce caught me and were able to finish as teammates that day.

I have fought the good fight, I have finished the race, I have kept the faith.

2 Timothy 4:7

God speed Bruce.

Peter, thank you so much for sharing the memories. Those were great times that none of us who were there will ever forget. We were rivals but also athletes trying to be our best not just for ourselves, but for our teammates. Bruce and I would often talk about those races and how much he loved competing with you. His race is over now, but the memories shared, will live on.
