“ Carla was not only my best friend but also an exceptional human being. Never in my life has someone touched my heart and soul as fast as she has. The name Carla will now and forevermore have a very special meaning to me. Saying I love her is redundant because to know her is to love her. I will miss you until I meet you again in the eternal gardens of heaven.

“ *Carla, seems like just yesterday we were at the westmo pool over the past summer talking about how crazy life has been for the both of us but never would I have thought a few short months later one of ours would end. We may not of had a lot of memories together but I've watched you grow with my older sisters and you have become a part of my life as well. You've known me since I was a baby. You have dealt with so many struggles in your life and now you can finally rest. My prayers are with you, your children and the rest of the Nicholas family.*
