“ Whenever Art and I would visit the Friday family in California, we would look forward to Kay coming to visit while we were there. Kay was such a lovely person who always added to our visit. Kay leaves a big hole in her children’s families’s lives. May her memory and the wonderful times they had together with her help heal that hole some. Thinking of you all. Vicki and Art Moose

“ Kay and I had a very special relationship for many years. We worked the graveyard shift together at the post office and would leave at 3 am ( which was our lunch time ) to go the casino to play blackjack. One time was even during a snow storm. I spent time with her in Florida when she rented the condo there. And I was fortunate enough to spend time in San Diego also. Those were the best vacations of my life. Loved her a lot and miss her. Every once in a while I’ll think of calling her to tell her something - and now she’s gone. Sad.
