“ My deepest condolences to Don and your family in the passing of your mom. She always had a smile on her face as she walked into the bank. Always a friendly “hello” or “have a nice day” as she left! It was a pleasure to see her and visit with her while she did her banking. I can remember helping her with things and she would say just tell me where to put my initials. She loved to joke that her initials were MAD so every time I asked her to initial something, I’d tell her just put MAD right here! She laughed every single time that I remembered her initials! May she Rest In Peace and May you all hold dear to you the memories and good times as she is smiling down at each of you!
